Bullseye May 2016

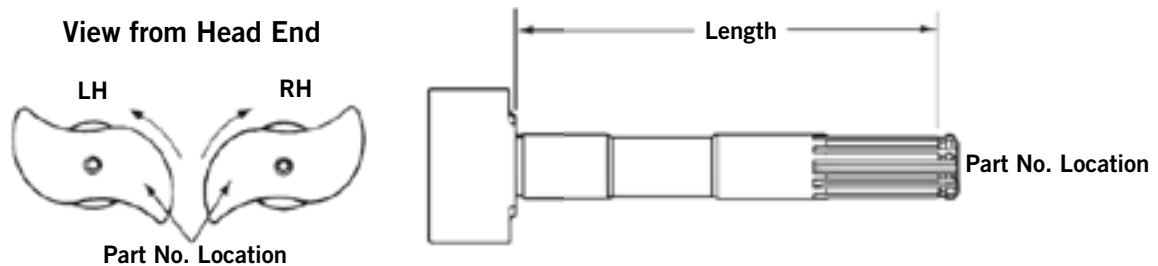

Product In Focus - Camshafts

Features

- A premium quality range of Camshafts produced exclusively for Meritor and covering all major Q and Q Plus truck and trailer brake applications.
- Manufactured to meet Meritor's high quality and engineering standards, each camshaft is produced from premium grade material and fully machined to include:
 - The shaft splines are machine rolled, not broached, for greater strength and dimensional integrity
 - Fully machined shafts for complete balance
 - Fully machined and hardened head to reduce wear and give perfect concentricity

Basic Diagram of a Camshaft

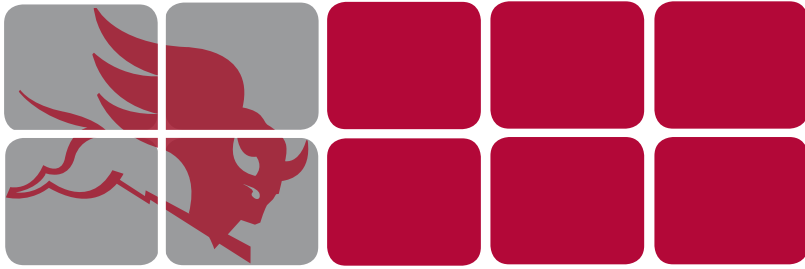

LH and RH indicates only the direction of cam rotation; NOT which side of the vehicle the cam is used on.
LH = (Counterclockwise) RH = (Clockwise)

NOTE: Not all camshaft lengths are measured to the beginning of the snap ring groove.

Meritor's Top Movers - Camshafts

Part Number	Description
2210V7536 FW	Q-PLUS Drive RH 1.5"X28 SPLINE 11.59" Long
2210W7537 FW	Q-PLUS Drive LH 1.5"X28 SPLINE 11.59" Long
2210Q7453	Q-PLUS Steer LH 1.5"X28 SPLINE 9.32" Long
2210P7452	Q-PLUS Steer RH 1.5"X28 SPLINE 9.32" Long

Product In Focus - Brake Pad Sets

MDP3244K & MDP3246K

Features & Benefits

- Consistent and optimal brake performance
- Reduced levels of pad and disc wear
- Manufactured to the highest standards
- Comprehensive range
- Suits North American and European applications
- Lower operating costs
- Supported by one year aftermarket warranty

MDP3244K

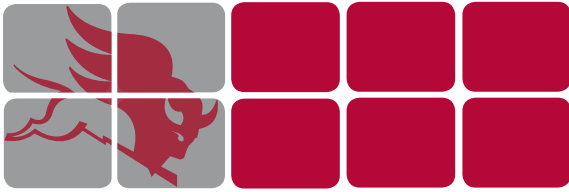

Technical Features

- Every brake pad is hard marked “Meritor” to ensure permanent traceability
- Unique MDP3000 part numbering MDP3 + last 3 digits of WVA number “K” suffix indicates fitting kit included
- Exclusive Meritor M520 friction material
- Every pad UNECE90 approved
- Manufacturing batch/date code away from caliper contact area to prolong traceability
- Manufactured from premium grade materials using state of the art casting and machining facilities to meet Meritor’s exacting quality and engineering standards

MDP3246K

Part Number	Trade Number	OE Cross Reference	Application
MDP3244K	29244	KNORR SL7 A0064201520 / A0064205320	Merc. Benz Actros Drive Axle
MDP3246K	29246	KNORR SM7 A0064201420 / A0064205220	Merc. Benz Actros Steer Axle

No Supersessions this Month!

All parts displayed in New Products & Supersessions will be available for immediate ordering. Lead times apply for the listed items. Not all parts are available to Independent Customers. Please contact Meritor Customer Service on (03) 8353 6050 for further information. For full list of supersessions, [CLICK HERE](#)

Getting Technical - Special Notice

Correction in AllFit Shock Absorber Catalogue

We have discovered an incorrect cross reference (under Trailer Section pages 10-11) in our AllFit Shock Absorber catalogue.

Incorrect cross is: 40104 – OE # 61.506717.02 (York) or Sachs (40 1700 125 753).

We do not have a shock absorber for the 2 OE numbers above for York and Sachs.

The correct cross for 40104 is 61.506717.01.

The entry in the catalogue has been changed and the updated catalogue is available on www.meritorpartsonline.com (Australia section). Please see below.

If you would like more information on our range of shock absorbers, please contact Customer Service on 03 8353 6050.

Employee Profile - Owen Ackers

Role at Meritor: Warehouse
Year Joined: 2011

What is your background in warehousing?

My background in warehousing started at Ericssons in the 1990's. I then gained employment at Campbell's Wholesalers. I also held a few casual positions before joining Meritor in 2011.

What are your main job responsibilities?

My main responsibilities are to ensure that the correct part and quantity is packed prior to shipment. I assist couriers with pick up orders and receive stock. I operate warehouse machinery such as fork lifts and other equipment to access parts for shipment.

What do you enjoy most about your role?

I enjoy the responsibility and sense of pride that comes with this position. It requires strong time management abilities as the warehouse can be very busy during peak periods and I want to be as efficient as possible.

What's your biggest challenge in this role?

The biggest challenge in this role is to always ensure every aspect of warehouse protocol is followed despite workload changes and training new staff. We are always working hard to remain a safe and very efficient warehouse and as a team, we have to ensure that is adhered to at all times.

What are your interests outside work?

I enjoy going to the gym and maintaining a strong and healthy wellbeing. I create a great work life balance by catching up with friends and quiet time reading. I enjoy travel overseas - France is my favourite destination and I love animals, especially my cat, which has a great personality.
