BULLS EYE JULY 2017

PRODUCT IN FOCUS -

Meritor® and AllFit FastSet™ No Ream King Pin Kits

Save Time And Money During Installation

The FastSet™ No-Ream King Pin Kit eliminates the need for reamers, presses and pressing in the bushings during installation. Available in multiple pin diameter and length sizes to fit your application. Also available in the AllFit brand.

Advantages

- No pressing-in of bushings needed during installation
- **No reaming necessary** on king pin bushings
- Metal-to-metal componentry, for added strength
- Available in AllFit for Independents

EMPLOYEE PROFILE - IAN MCKERRACHER

Role at Meritor: Financial Controller ***Year Joined: 2011***

What is your background in Finance?

My career commenced in the late 70's in cost accounting with The Olympic Tyre & Rubber Group working at both their Somerton & West Footscray, sites where they produced both car & truck tyres. I then moved into a management accounting role with Westinghouse Brake & Signal Co. which produced railways signalling equipment for railways throughout Australia. My next move was to join Bryant & May/Wilkinson Sword Group located in Richmond. The Richmond site was the location for the last match manufacturing lines producing the Redhead brand. After leaving Wilkinson Sword I joined Pacific Dunlop. After working in different roles there I became Financial Controller for Marley Plastics and later became General Manager. I later worked for Mahle Engine Components Australia (MECA) as Financial Controller where piston assemblies were produced for the Holden V6 engine plant. I then moved into a General Manager role with the company but after industry changes had occurred along with the global financial crisis, the business relocated to China. I took a short break after and joined Meritor where I have worked for the last 6 years.

What is your biggest challenge within this role?

Biggest challenges are to provide timely information & advice to help ensure the ongoing success of the business.

What are your interests outside work?

I volunteer my time at a local Sporting Club, am a passionate Bulldogs supporter, and enjoy woodworking as a hobby.
